

Awards Sub-Committee of the Faculty Scholarship Advisory Committee
Western Carolina University
Cullowhee, NC 28723

This letter is to confirm the ongoing support for Jill Ellern's contributions to the Western North Carolina Jail Library Project. This project supports community engagement to populations that are traditionally underserved. It also offers Jill an opportunity to contribute to the field of librarianship in an area outside her usual areas of responsibility. Hunter Library is proud to participate with other libraries in Western North Carolina on this important project.

Mark Stoffan
Head of Digital, Access, and Technology Services
